Our Main Tasks

Create Tomorrow's Army:

Develop leaders (officers, NCOs, soldiers, civilians); transmit and example the army's "soul" (army values and training methodology); **range modernization and installation strategic planning** (live, virtual, constructed training; environmental awareness; installation vision).

Remain Trained and Ready:

Create competence-based confidence in soldiers, leaders, and units (METL-focused **training to standard**, teach how to fight and how to train); maintain morale and attend to care of soldiers, subordinate leaders, and civilians-- and their families.
